Localization / i18n / NLP	OKRs / KPIs / Exec Reporting	Stakeholder & Vendor Mgmt
B2B & B2C Products	Org Design & Talent Development	Cross-functional (Eng, UX, Mktg)

PROFESSIONAL EXPERIENCE

Aug 2021 – May 2026 WALMART CORPORATION (IDC) Bengaluru, India

Jan 2026 – May 2026 Global Product Leader, Walmart Inc (eCommerce)

- Own Identity, Profile, and Omnichannel Accounts platform — the enterprise gateway serving hundreds of millions of customers across click-and-brick, enabling quicker market adoption from several months down to 3 weeks.
- Enabled AI agentic shopping by providing controlled customer access through account APIs, powering next-generation conversational commerce experiences.
- Delivered Address Standardization, saving ► [FILL \$]K/month and improving On-Time-Delivery by enriching profile attribute coverage and depth.
- Unified 80%+ of Mexico's active users under single sign-on across eCommerce and verticals (Pharmacy, etc.), improving login rates, growing mobile-verified accounts, and deflecting account takeover fraud and chargebacks.

Aug 2021 – Dec 2025 Senior Director, Walmart International (eCommerce)

- Built and led a 55-person product org (PMs, analysts, program managers) owning 1 of 5 major international eCommerce domains. Grew team from 8 to 55 over 4 years.
- Created and delivered the "Customer Engagement" portfolio vision: Accounts (identity, profile, membership), Care (chatbot, self-help, agent tools), Monetize (AdTech — sponsored search, display), and Post-Purchase (order tracking, returns, cancellations).
- Owned \$30M+ annual P&L. Delivered ► [FILL \$]M in Ads revenue uplift, ► [FILL \$]M in GMV lift, and ► [FILL \$]M in cost savings through 10%+ contacts-per-order reduction and bending the curve on cancellations and returns.
- Led half of major tracks in an enterprise-wide initiative to modernize the eCommerce tech stack ("build once, use everywhere"), covering post-purchase, customer platforms, and shared capabilities across US, CA, MX, and IN.
- Incubated the Localization / i18n Services platform. Translation platform processed ► [FILL #]M+ entities in 80+ languages, delivering ► [FILL \$]K in cost savings and powering NLP-driven operational efficiency improvements.
- Represented IDC as senior product leader for key platform tracks, liaising with partner teams across US, Canada, Mexico, and India.

Aug 2016 – Aug 2021 AMAZON CORPORATION India & USA

Jul 2020 – Aug 2021 Product Manager (Technical) Lead — Alexa Data Services, Hyderabad

- Owned strategy and roadmap for network optimization to maximize ML annotation throughput and minimize cost by routing workloads to appropriately skilled annotators.

- Led team of junior PMs, collaborating with program management and operations managers. Reported to org VP daily during war-room escalations.

Jan 2019 – Jul 2020 **Senior Product Manager (Technical) — Amazon Business (B2B), Hyderabad**

- Owned the Amazon Business Home Page and cross-site navigation for B2B customers, contributing to multi-million dollar annual revenue uplift through customer engagement.
- Designed and ran A/B experiments, defined success criteria, and built playbooks for cross-functional product definition with UX, Marketing, and feature PMs.
- Owned annual roadmap (OP1) and pitched funding through VP levels, directly impacting Amazon Business top-line goals.

Nov 2017 – Dec 2018 **Product Manager (Technical) — Amazon Home Services, Hyderabad**

- Defined product strategy and roadmap for Alexa × Home Services integration. Designed Voice User Interface (VUI), co-authored GTM strategy with marketing.

Aug 2016 – Oct 2017 **Product Manager (Technical) — Alexa Smart Home, Seattle**

- Launched Alexa Smart Home in India (Oct 2017): Smart Home Skills for 3P developers, onboarded key partners (~20 smart devices), and shipped end-to-end customer experience.
- Established program management mechanisms and owned Jeff Bezos weekly status, VP Roadmap monthly review, and Alexa Launch Readiness (LR) forum.

Apr 2015 – Jul 2016 **NORDSTROM TECHNOLOGY Seattle, USA**

Technical Program Manager III — Enterprise Information

- Delivered Customer Identification & Verification Services — a "One Nordstrom" unified mechanism for omnichannel customer identity via mobile number, hosted on AWS.
- Led 25+ person delivery team. Enabled enterprise SOA vision, migrating from on-prem SOAP to AWS cloud-hosted RESTful services.

Jul 2013 – Sep 2014 **MICROSOFT CORPORATION Bellevue, USA**

Program Manager II — Microsoft Dynamics AX (Public Sector)

- Coordinated AX 2012 CU7, R3, and CU8 releases across Finance, SCM, and HR/Payroll. Developed eProcurement feature set partnering with core SCM team in Denmark.
- Advocated for customer needs, triaging priority fixes from sales, implementation teams, and direct escalations.

Mar 2009 – Jun 2013 **KING COUNTY GOVERNMENT Seattle, USA**

Group Manager → Development Manager — Oracle EBS Finance (\$88M ABT Program)

- Led 20+ person team through full-lifecycle Oracle EBS R12 implementation and post-go-live sustainment for a \$88M county-wide modernization program.
- Architected integration of Oracle EBS with 80+ side systems using Oracle BPEL/SOA. Reported progress to C-level executives bi-weekly.
- Conducted 25+ recruitments (FTEs, contractors, consultants) including salary negotiation and H1B visa transfers.

Jul 2003 – Nov 2008 **ORACLE CORPORATION Hyderabad, India**

Project Leader → Technical Lead → Developer — HCM / Fusion Applications

- Led cross-localization of Statement of Earnings (S.O.E.) for Oracle Fusion, coordinating uptake by 19 localizations across UK, India, France, and US.
- Innovated 2 ideas (1 identified as patentable), presented to Chief Software Architect of Fusion Technology group (6,000+ employees).
- Shipped 2 of 5 major Oracle Payroll releases for NORDICS, 100% on schedule. Improved quality 40% through defect analysis methodology.

EDUCATION

Bachelor of Engineering (B.E.) — Electronics & Communications Engineering
Birla Institute of Technology (BIT Mesra), Ranchi, India · 1999 – 2003
